Gary, IN 46403

Do you like to sing and dance?

Do you know someone who likes to sing and dance?

The Miller Community Theatre is preparing for their inaugural production of *A Mad Women's Late Nite Cabaret*, a summer theater showcase coming this August and we are looking for local talent to be part of our all-volunteer cast!

A Mad Women's Late Nite Cabaret asks the question: What if the maligned and misunderstood women of history had their moment in the spotlight to set the record straight? The characters include women from history, myth, and imagination all of whom have dealt with difficulties in their lives. The play is intended as a celebration of women and their ability to work through their problems by communicating them, in this case through speech and song
